

The groups schedule will be shifting slightly for the second term (February & March).

In the first term we did lots of multiple level groups with the same instrument. In the second term we will mix the instruments instead of the levels, but keep two teachers in each class so we can still split the instruments into 2 groups if necessary. This will also accommodate Leigh-Anne's upcoming maternity leave without requiring another schedule change in the third term.

Flute players in the reading group - please notice the slightly earlier start time for your ensemble!

If your name is not on one of these lists, please check with your teacher. It may be a typo, or it may be because of group attendance issues that need to be resolved.

A reminder that group attendance is a requirement of the ESFRS program, and our policy is that students with persistent recurring absences in either private lessons or **group classes** may be requested to withdraw from the program to make space for a student on the waiting list.
