

## Issues & Report

### Report:

#### Conference:

- S, eh, eh ... Canada SYO
- Recorder events - committee
- Flute events
- Breathing 101
- Internet teaching

#### Pied Piper

#### Francis Colpron

#### SECE

- ASSI class
- FB ad success

#### Facilities

- SCS rent increase for after hours
- SAGE reports difficulty with reliability of entry
- Kim Denis volunteered her church when Grant Mac was too expensive

#### Event planning

- Oct. 1 - Culture Days at arts Barns & Gazebo (Farmers market already taken)
- Jan 20 - 28 10th anniversary celebration

#### Ongoing Issues:

#### Surplus this year:

- No service performances - did ESO events instead
- Institute is actually very efficient teaching format:
  - MC instead of lesson is more economical for teacher pay
- One less teacher in group - mat leave
- Fewer concerts in rented venues - time constraints on booking appropriate venues

#### Low income so far for next year

- Enrolment is slow / late - more are coming
- only two beginners from school - usually told to expect up to eight
- Fewer students quitting in Grade 6, at least in my studio
- Did lose some students mid-year due to economics
- only 1 Unit 1 teacher registration
  - was to be 3, but SCS teacher is no longer planning to do training

#### Proposal:

- Use surplus for more high profile performances & advertising
- Actively seek students from sources other than school
- Uncertain of actual amounts due to slow enrolment
  - give me a guideline as you did with rent increase
